

FOR IMMEDIATE RELEASE

Pacific Pharmacy Group & AmerisourceBergen Support LipoWear Product Development for Women with Cancer

Irvine, CA, May 6, 2010. LipoWear, LLC, a therapeutic clothing company, announced collaboration with Pacific Pharmacy Group, members of Good Neighbor Pharmacy to complete the development of a padded undergarment to relieve sitting pain in women who have lost weight due to cancer or other conditions and have debilitating sitting pain. Weight loss in the buttocks and legs occurs in many cancer patients and diminishes the normal cushion protecting nerves in the area.

The men's version of SitRelief Shorts was designed for selected patient populations, including seniors, cancer and HIV patients launched in the spring of 2009. The clinically tested padded shorts (Patent Pending) are highly effective and alleviate sitting pain, a debilitating problem common to these patient populations. Sitting pain is caused by fat and muscle wasting in the buttocks and results in withdrawal from many daily activities which contribute to the quality of life.

"As a small startup company with limited resources, we are pleased to partner with Pacific Pharmacy Group and AmerisourceBergen to complete the development of the female version of SitRelief Shorts" said Joann Reina, President and Cofounder of LipoWear. "Their support will allow us to serve women in need and significantly improve the Quality of Life for women suffering from sitting pain. The women's version is now available online" said Reina.

"Our patients have reported being able to return to work and social activities all thanks to their SitRelief Shorts, we were pleased to partner with Good Neighbor Pharmacy and LipoWear to help offer this life changing product to Women as well" said Krista Nadolski Senior Accounts Manager for Pacific Pharmacy Group.

"When it comes to good health and patient well being Good Neighbor Pharmacy is proud to partner with LipoWear. We look forward to expand this product to our community pharmacies" said Mike Quick, Lead VP West Region- AmerisourceBergen-Good Neighbor Pharmacy.

LipoWear estimates as many as 22.8 million Americans and 31.8 million people in the UK, Europe and Australia suffer from significant sitting pain and discomfort.

The company web site, www.lipowear.com is available for additional information and SitRelief Shorts are available for customers online.
